

Corporate Training on **Leadership** and **Motivation**

30th December, 2023

Introduction

Transform yourself from a Manager to a Leader. This course will help you improve your vision, broaden your horizon and hone your ability to lead a team and mentor its members.

How is it Done?

During the training, the participants are made aware of various nuances of leadership through class room PPT, outdoor leadership games, group exercises and they are encouraged to display individual skills as well as drive within the group. Leadership qualities like effective communication, listening, accepting challenges, sharing of responsibility and above all developing a sense of belonging is developed through motivating talks

and time-tested techniques and class room interactive sessions.

Outdoors includes group games, exercises, individual and group introspection for one day training. Outdoor camping, yoga and other adventure sports (in three days of out bound training).

Who should attend?

Anyone. From the youngest employee to the top leadership of the organisation. We try to ensure that the group is of similar age and experience background so as to cater to the needs of training at different levels.
